Description/Title:
New AS5000 Sensor for FG-100B/FG-101B

Part No:
AS5000

Specification:

Part No.	AS5000
Lead Free	Yes
Packing	Pack of 1

Comments:

The new HAKKO AS5000 is an optional sensor with extended life to be used on HAKKO FG-100B/FG-101B tip thermometer as an alternative to HAKKO 191-212 sensor. AS5000 offers about 30 times longer life compared to the 191-212 sensor, and therefore significantly reduce the frequency of sensor replacement and increase the consistency of each measurement.
